

Meridian HSN Telehealth for EMPLOYERS

Business Solution to Save Time, Money & Provide Peace-of-Mind

Meridian HSN Telehealth provides tools for health and well-being, which **REDUCES** healthcare costs.

Meridian HSN Telehealth enables patients to select their doctor for immediate video visits unlike any other telehealth vendor and is available to all employees and their immediate households!

More about Meridian HSN Telehealth

Meridian HSN Telehealth combines best-in-class telehealth technology with 24x7x365 clinical services. The result is an exceptional consumer experience. Patients connect for live video visits with physician of

their choice right from their mobile phone, tablet, computer or worksite kiosk. Offering telehealth to employees can help reduce medical spend, save employees time, and improve their access to care. Employees will love it.

Online Care Group, a national medical practice dedicated to video-based telehealth, provides staff coverage by primary care doctors and registered dietitians 24 hours a day, 365 days a year. So if it's mid-day or midnight, employees can get the care they need, right away.

Savings for the Employer such as ...

- If Meridian HSN Telehealth just saved a company of 100 employees, and their families, 5% of their physician visits, **a company could save over \$10,000 annually** – This savings does not include time away from work or lost productivity.
- With the same 5% savings on unnecessary emergency room visits, **the additional savings annually is \$6,000.**
- **The total savings is \$17,000.**
- For the Employee with the immediate access to doctor consults and efficient prescription filing, employees have peace-of-mind and less out-of-pocket cost, **with fewer barriers on the path to getting back to health and back to work.**
- Automate real-time eligibility checks and claims processing with any US carrier, eliminating the demand for time-consuming eligibility files.
 - **Up to 70% of doctor visits; up to 54% of emergency room visits are non-emergencies which can be done effectively through telehealth.**

Meridian HSN Telehealth for EMPLOYERS

Highlights of Telehealth Services

Highlights of Meridian HSN Telehealth

- Immediate access to a physician – anytime, from anywhere.
- Physicians consult, diagnose, and prescribe non-narcotic medication, when appropriate.
- Physician consultations will not be added as a claim against the corporate “risk” score for future insurance premiums.
- Can provide physician notes for work absences.
- Can assist with worker’s compensation claims.
- Each employee and their household each receive their first 2 physician consultations at NO CHARGE! The \$39.00 consult fee is waived.*

And Meridian HSN Telehealth Provides:

- 24x7x365 access to best-in-class telehealth technology with clinical services.
- Full-time, staffed US Board certified physicians which includes supporting employers who would like to add their own providers (i.e., from onsite clinics) to their practice.
- Licensed Independent Clinical Social Workers (LICSW) and Psychologists that provide 45 minute video talk session to address common behavioral health challenges such as depression, anxiety, stress, insomnia, changes to mood or behavior, and more.*
- Nutritionists are here to help you with all your dietary and nutrition needs, from food allergies to weight-loss and more six days a week. These professionals have been hand selected, trained, and certified in telehealth to deliver the best possible experience to you.
- The only telehealth vendor with Apple HealthKit integration, allowing patients who have tracked information such as blood glucose, weight, temperature, heart rate, and other biometrics on iOS to share this information with a clinician at the time of a visit.
- Better Access - Supply meets demand! There’s a shortage of doctors, and it’s growing – making it harder to get an appointment and increasing wait times. Employers feel the pain in the form of increased absenteeism and decreased productivity. Meridian HSN Telehealth is designed to eliminate all of this, with simple, convenient healthcare, available when and where patients need it.

* The following are the fees for visits/consults between a Qualified Professional and a telehealth subscriber: \$39 for physician visits/consults; \$25 for dietician visits; \$79 for social workers/masters level behavioral health professional visits, and \$95 for behavioral health visit with a professional with a PhD/PsyD.
