

**Meridian Health Services Network**  
**American Red Cross**  
**National Account Manager**  
**OSHA Compliant Health & Safety Training**

**Did you know the American Red Cross can help  
with your commitment to safety?**

**Meridian Health Services Network has an important  
community partnership with the American Red Cross.**

We encourage our clients to turn to the Red Cross to supplement their safety goals. Some ideas for how to do this include the following:

- Use the Red Cross to **train employees** in skills like First Aid and CPR. Every year, the American Red Cross provides emergency training to more than 7 million people. **The Red Cross is the country's premier provider of OSHA-compliant health and safety training. Meridian clients gain national account pricing and support in managing all their health, safety and OSHA training.**
- **Visit ReadyRating.org** The American Red Cross Ready Rating program is a free, self-guided program designed to help businesses, organizations and schools become better prepared for emergencies. Members complete a **ReadyGo** or **ReadyAdvance** assessment and have access to tools, tips and best practices to help improve their level of preparedness.  
**Visit - [www.readyrating.org](http://www.readyrating.org)**
- Share with employees the suite of **free mobile apps** that allows you to access information on what to do before, during and after disasters and emergencies wherever and whenever you need it, putting critical information in your hands when you need it most. Some of our favorites include the Hazards and First Aid Apps.  
**Visit - [www.redcross.org/apps](http://www.redcross.org/apps)**
- **Explore the Disaster and Safety Library.** The American Red Cross has created this Disaster and Safety Library to assist you in preparing your home, school and workplace in the event of a disaster or emergency. You will find fact sheets, preparedness checklists, recovery guides and other helpful information to keep you informed and safe.  
**Visit - [www.redcross.org/prepare](http://www.redcross.org/prepare)**

**Other ways your company could support the Red Cross include:**

- Providing financial support to the American Red Cross through workplace giving, company donation or supporting an event hosted by your local Red Cross.
- Volunteering with the American Red Cross by installing smoke alarms in homes as part of the Home Fire Preparedness Campaign to reduce the number of deaths and injuries caused by house fires.
- Host a blood drive – convenient way to support your community and engage your employees.
