**Denver, Colorado – Meridian Health Services Network**, is a national Health services provider.

We are pleased to announce Meridian’s Mobile COVID Antibody testing services. Our point of care testing services are authorized pursuant to FDA EUA guidelines and capable of performing 1000+ tests daily. Utilizing COVID-19 IgG/IgM Rapid Test Cassettes (Whole Blood/Serum/Plasma) which is a rapid chromatographic immunoassay for the qualitative detection of IgG and IgM antibodies to SARS-CoV-2 in human whole blood, serum, or plasma as an aid in the diagnosis of primary and secondary SARS-COV-2 infections. Rapid tests results are available in minutes, administered and documented per FDA guidelines. Meridian HSN provides both test kit and testing.

Telemedicine physician consults are recommended by the CDC in battling the Coronavirus Disease 2019 (COVID-19) pandemic across the globe. Under new federal guidelines COVID tests prescribed by a physician are covered by payors for many patients. *\*Contact payors for details.*

*David Bloom, **Meridian Health Services Network, CEO** shared, “The COVID-19 crisis has brought unique challenges to provide and receive healthcare. **Meridian** provides the absolute best healthcare partners available, consolidating national expertise and infrastructure to deliver immediate Telemedicine and on-site COVID testing services, ensuring every employee and their households can access care.”*

**Meridian Health Services Network** – our mission for over 20 years is to create lasting and impactful healthcare solutions for our clients. These range from health and wellness, on-site services to healthcare financial funding.
