

FOR IMMEDIATE RELEASE

BRINA MEDICAL UNVEILS UPGRADED CMAT ADVANTAGE: A GAME-CHANGER IN POINT-OF-CARE CHRONIC DISEASE DIAGNOSTICS

JUNE 2025

Introducing the CMAT Advantage by Brina Medical

In Partnership with Meridian Health Services Network

The Future of Chronic Disease Detection — Delivered in 7 Minutes

Hospitals today face intense pressure to deliver better patient outcomes, manage costs, and future-proof care. Brina Medical and Meridian Health Services Network proudly present the CMAT Advantage by Brina Medical — a next-generation, FDA 510(k)-cleared, AI-powered diagnostics device engineered to give care teams the upper hand in detecting chronic diseases earlier and acting decisively.

What Sets the CMAT Advantage by Brina Medical Apart

A precision diagnostics tool built for speed, scale, and hospital realities.

Early Detection

- Identifies insulin resistance up to 10 years before symptoms appear.
- Detects risks for type 2 diabetes, thyroid dysfunction, and vascular disease.

Cardiovascular Risk Insights

- Measures endothelial dysfunction and arterial stiffness — early markers of stroke and heart attack.

Peripheral Neuropathy Differentiation

- Accurately distinguishes between vascular and neurological causes.

Non-Invasive, Fast, and Scalable

- 7-minute test, no RN or NP required.
- Seamlessly deployable across hospitals, IDNs, and long-term care networks.

Robust ROI

- Zero investment - rental program that has minimal impact on Opex.
- Utilizes CPT codes that are generally accepted by major insurance groups.
- 75% of patients meet clinical necessity.
- Highly efficient in operation.
- Customized integration into in-house systems.

No-Risk Guarantee

- If we don't meet your expectations, you can return the device for no cost or rental obligations.
- We stand behind every implementation.

Powered by AI, Built for Hospital Realities

The upgraded CMAT Advantage by Brina Medical integrates proprietary AI-driven software and advanced productivity tools, enabling:

- Real-time clinical decision support.
- Operational reporting and feedback loops.
- Scalable multi-site deployment.

"This isn't just a diagnostics assessment device — it's a catalyst for system-wide transformation."
— Brent Pearson, CEO, Brina Medical

Why Hospitals Choose Brina Medical

- **Trusted Partnership:** Nationwide deployment backed by Meridian Health Services Network.
- **Flexible Financing:** Tailored solutions powered by CHG Meridian.
- **Operational Support:** Customized implementation and training from pilot to enterprise rollout.
- **Global Expertise:** 200+ years combined medtech experience across North, Central, South America, UK, Europe, India, South-East Asia, Australia, and New Zealand.
- **Strategic Leadership:** Guided by an elite Advisory Board of hospital executives, financial leaders, and clinical innovators.

Take the Advantage. Today.

Redefine early detection — with the precision your patients deserve and the performance your system demands.

LET'S TALK

See how **CMAT ADVANTAGE by Brina Medical** fits into your hospital's care strategy and growth goals. Schedule a no-obligation overview today.
