Healthcare & Workers Compensation Claims

Price Verification Program

Did you know that 70% of ALL Surgeries & Procedures performed include Surgical Supplies and Implants. Often these items are incorrectly priced and/or mistakenly billed to your organization's insurance. We see implants re-priced and payment errors exceeding 50% for all claims processed that include an implant.

Beginning December 1, 2025, *Meridian Health Services Network and Clarity Implant Solutions*, have released through their national alliance the Healthcare & Workers Compensation Claims **Price Verification Program**. The program offers state of the art verification programs for Healthcare & Workers Compensation Claims. These audits are endorsed and utilized nationwide.

- Since 2009 the Clarity Verification Audit Team has been providing expertise, repricing, and support to claim Administrators. To date, the team has never lost an appeal by a hospital or surgery center regarding accurate payment of surgical supplies and implant charges. Most reviews are completed within 48 hours or less.
- The program works on a contingency basis unless another model is requested. Examples: Contingent Rate based on savings, Fee per review, Per Member Per Month, or any other format requested. MERIDIAN DOES NOT CHARGE IF SAVINGS ARE NOT REALIZED UNDER A CONTINGENT ARRANGEMENT. *There is no risk utilizing this service.*
- *This program has saved millions of dollars for Fortune 100 to small businesses.*

Contact Meridian HSN for more information and access to our *Clarity Implant Solutions* claims and price verification team.
